THIS IS UNEVALUATED INFORMATION. SOURCE GRADINGS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

50X1-HUM

1. The Öcseny airfield (also known as the Vardomb airfield) is located between highway No. 58 (Szekszard-Bataszek-Mohacs) and railroad line No. 44 (Sarbogard-Bataszek). (See attached map.) The field is approximately 2,000 meters long and 1,000 meters wide. The sandy soil has been partially eroded.
2. The airfield consists of the following installations (keyed to the attached map):
  1. Temporary runway, approximately 2,000 by 80 meters, with a natural surface reinforced with gravel.
  2. One hangar approximately 28 by 15 meters.
  3. Access road.
  4. Two wooden hangars, each approximately 35 by 15 meters.
  5. Two troop barracks, each approximately 25 by 10 meters.
3. Plans call for transforming the airfield into a first-class air base. Work had already been started, but was suddenly suspended. At present, the field is being used by the MHS (Hungarian Sports Federation for National Defense). During military exercises, it is often used by military aircraft and by Soviet mobile radar units.
